

POTTERTON COMMUNITY GROUP

MAGIC WAND

The Potterton Community Group is a branch of the Belhelvie Community Trust which has been formed to start looking at the possibility of improving facilities and the environment within Potterton Village as well as organising local events for the community. To help the group ensure that they are working on the right projects we would like to hear your thoughts and hopes for the village.

Please discuss the following question with your whole family – we would like to hear from all ages within the village – continue over the page if required.

If you had a magic wand, what would you like to see change or improve about your local community in Potterton – whether this be the provision of local services; facilities or improvement to the surrounding area.

Is there anything that you or your family can offer the Potterton Community Group?
(Examples: Would you like to join the group? Do you have skills that you could offer for helping to improve the environment? Would you be interested in Volunteering or providing services/groups in the future?)
